RV Halo Smart Hub Ecosystem

RV Halo App with RV Halo Plus Membership

Smart Hub

RV Halo Sensors

Works With RV Halo

WINEGARD

RV Halo App and Pro Membership

RV Halo App is free app to control Gateway, Trav'ler Pro Connect and RV Halo Smart Hub

Pro Features (\$9.99 per month, \$99 per year)

On SmartHub activates the Verizon IoT SIM card

Gives remote alerts and access to the RV Halo Smart Hub features and sensors

This access allows those alerts to the cloud to your smart device: ie cell phone, tablet, laptop etc when logged in to RV Halo app to anywhere you are at in North America

The Smart Hub must have Pro Membership to get remote alerts, it does not or cannot connect via Wifi or a Gateway or other internet product, it is a standalone product with its own connectivity

Smart Hub

Security – Monitoring – Asset Tracking

MSRP \$249

- RV Control and Monitoring System that uses Cellular M1 (Verizon) for connectivity to the Cloud
- Bluetooth for Smart Sensor connectivity
- GPS for location services
- USB to USB-C for Power connection
- Battery Backup system included

Smart Hub

Security – Monitoring – Asset Tracking

MSRP \$249

Feature Summary

- Up to 3 month battery backup (goes to low power mode and reports twice a day-can add battery supply for always on)
- Power change mode alerts when goes to battery backup or back to USB power
- GPS Location Services and Monitoring
 - Geo-Fencing – Get alerts when RV leaves or enters preset area, can custom set
 - Find My RV – Get location of your RV at anytime when not at your RV.
 - Share my Location – Send to friends/family to find your remote location or when traveling with a group
 - Weather at My RV

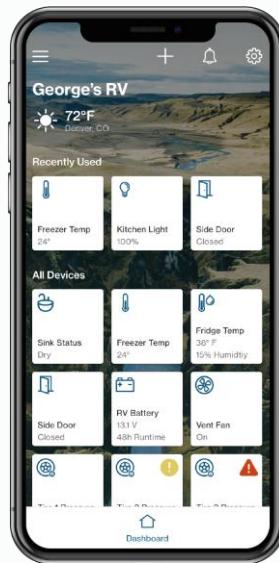

Smart Hub

Security – Monitoring – Asset Tracking

MSRP \$249

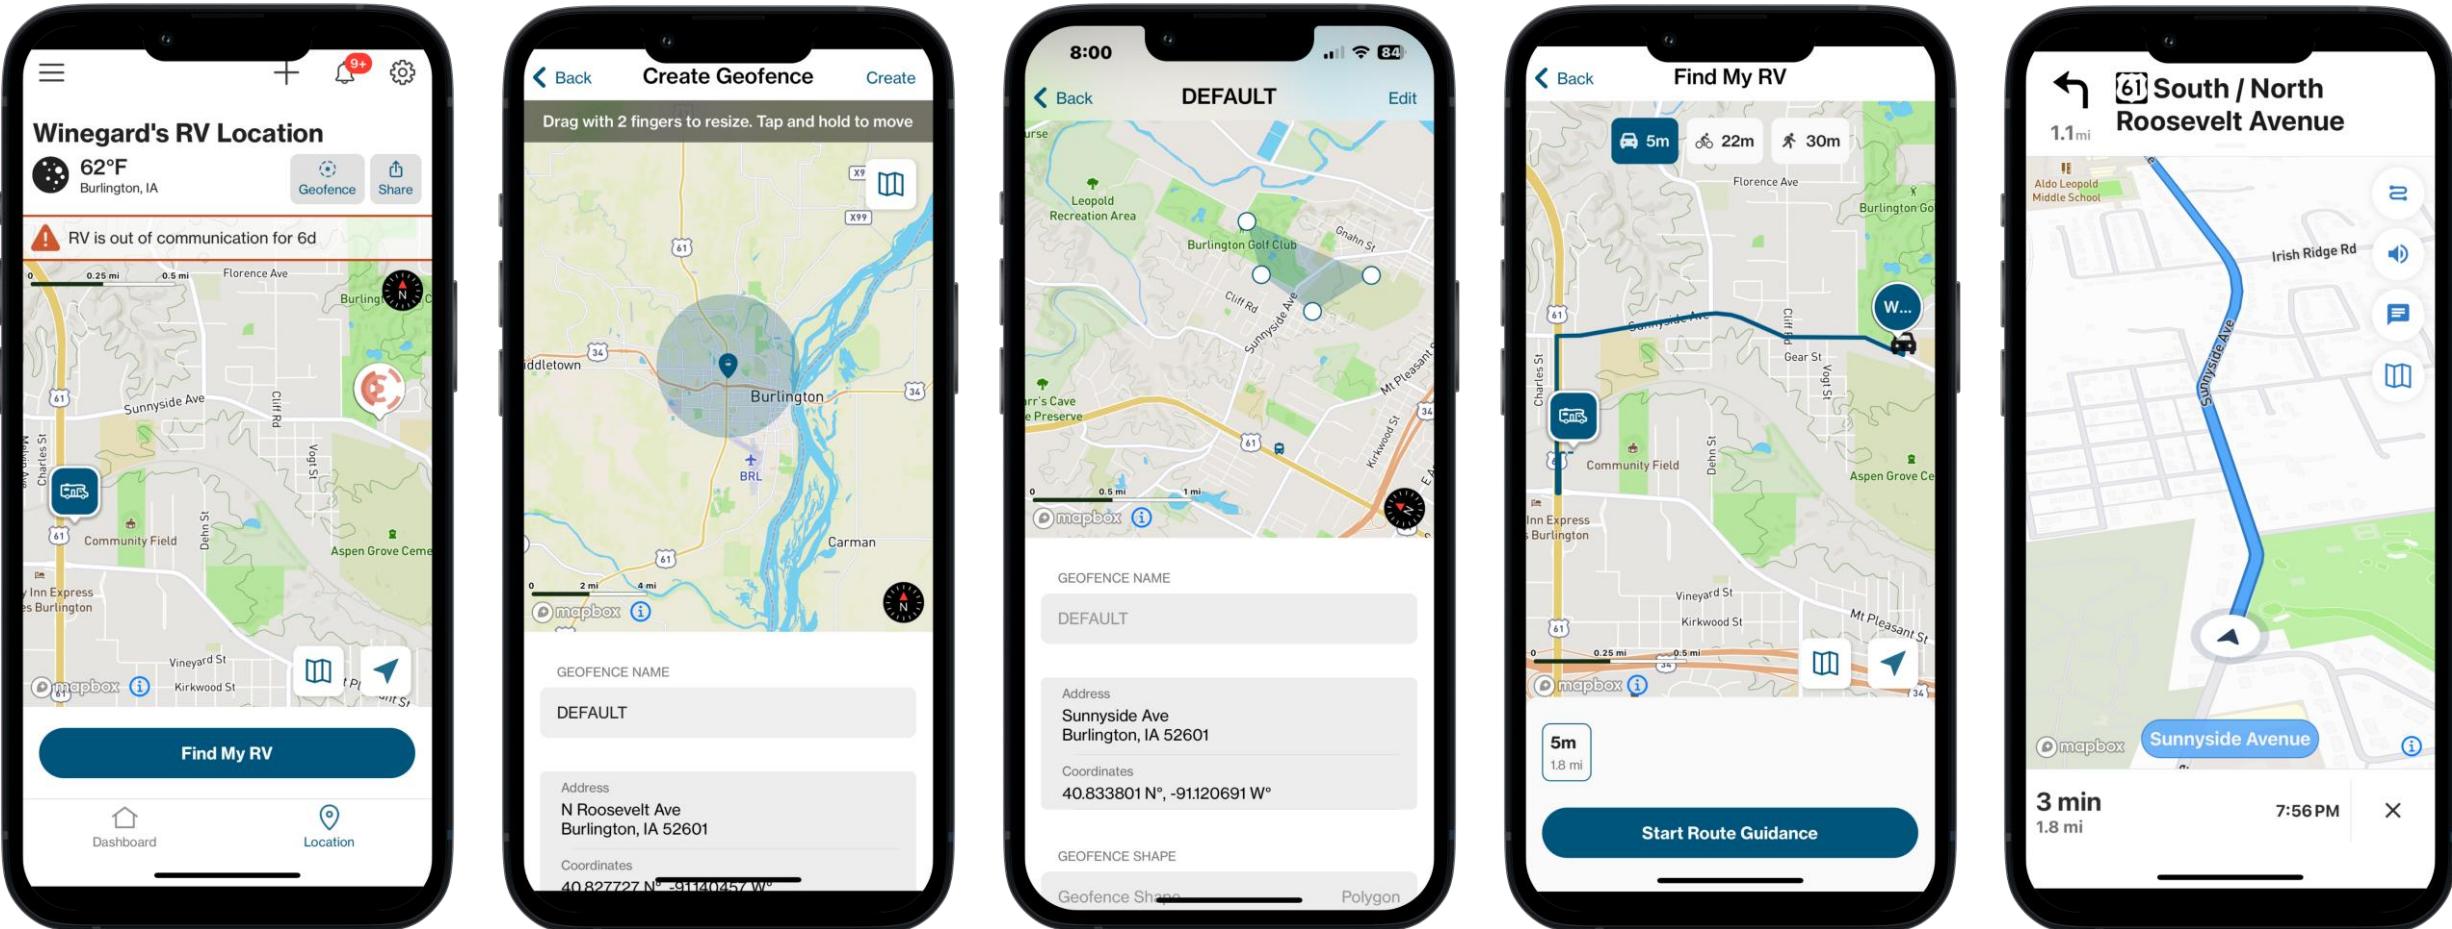

Feature Summary

- Future Features Coming Soon
 - Leveling features
 - Movement Detection
 - Collision and Rollover capabilities
 - Excess Speed Monitoring
- Just \$9.99 per month/\$99 for year for full remote monitoring from your smart phone anywhere you are at with RV Halo Pro Membership
- Cat M1 Cell based technology for cloud, 50 – 60 miles of range from cell towers vs 10 miles a cell phone 4G goes

RV Halo Pro - Find My RV/Geofencing

Paired with any Gateway, ConnectT, or Smart Hub

Bluetooth Sensors – General Specs

Features

- Easy installation, no wires
- Integrates with a user-friendly app for quick configuration and monitoring*
- Remote access with RV Halo Pro membership – Get alerts to your smart phone or check status of any sensor remotely
- Audio Alarm sound, can be set to Off/On in app
- **Battery Life:** Up to 4 Years depending on usage. Cold temperatures can drain battery life faster
- **Battery Type:** CR123A
- **Bluetooth Range:** Up to 60ft*

*Depending on obstructions the signal strength displayed should be between -80 to -40 dB. Fringe levels are less than -80 dB which could have intermittent success in reporting data.

Contact Closure

Temp/Humidity Sensor

Features

- Continuously tracks temperature and humidity levels inside your RV or fridge
- Receive notifications when conditions exceed your preferred limits
- Compact, ideal for indoor use
- Ensures consistent monitoring even when you're away from your RV*
- Simple, tool-free setup that attaches securely to any surface
- Integrates with a user-friendly app for quick configuration and monitoring*
- RV Halo Smart Hub or Winegard Gateway / ConnecT router with Bluetooth Dongle required
- *For expanded in-app features and remote notifications, upgrade to RV Halo Pro Membership

Dimensions: 2.33 (L) X 1.86 (W) X .90 (D)

Operating Conditions: -22 to 140 F (-30C to 60C)

Contact Sensor

Features

- Monitor whether doors and windows are opened or closed
- Receive notifications when a door or window is opened or closed
- Compact, ideal for indoor use
- Ensures consistent monitoring even when you're away from your RV*
- Can use a screwdriver to screw sensors into place with provided screws
- Integrates with a user-friendly app for quick configuration and monitoring*
- **Dimensions:** 2.33 (L) X 1.86 (W) X .90 (D)

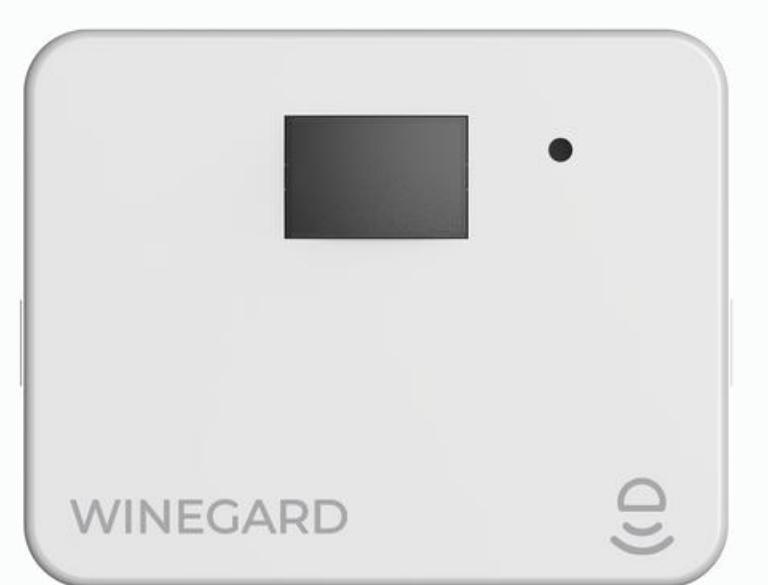

Motion Sensor

Features

- Monitor motion from pets or intruders
- Receive notifications when any motion is detected
- Compact, ideal for indoor use
- Ensures consistent monitoring even when you're away from your RV*
- Simple, tool-free setup that attaches securely to any surface
- Integrates with a user-friendly app for quick configuration and monitoring*
- **Dimensions:** 2.33 (L) X 1.86 (W) X .90 (D)

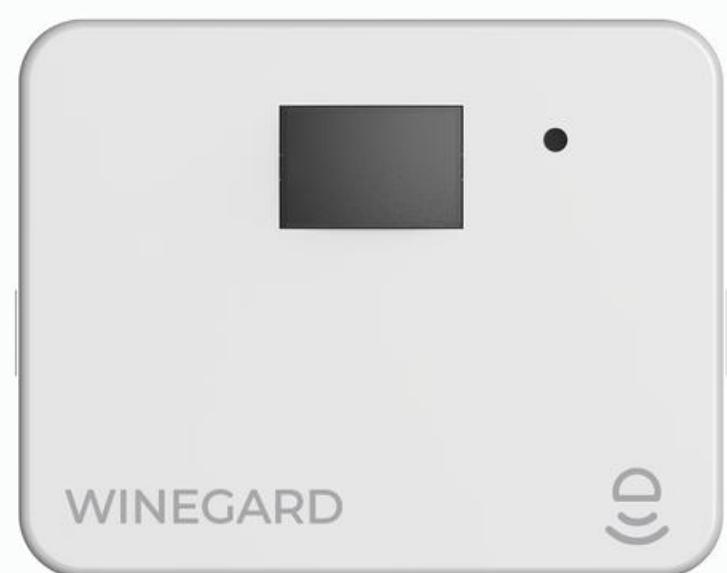

Water Sensor

Features

- Monitor areas that are prone to water leaks
- Receive notifications when water is detected
- Compact, ideal for indoor use
- Ensures consistent monitoring even when you're away from your RV*
- Can use a screwdriver to screw sensors into place with provided screws
- **Dimensions:** 2.33 (L) X 1.86 (W) X .90 (D)

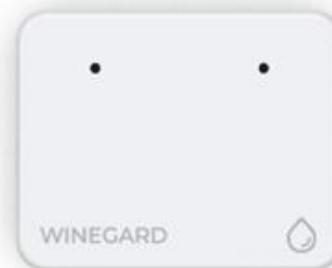

Bluetooth Sensor Starter Kit
